COMMODORE'S CORNER

By the time this article is published, we will have a new Board and Flag Officers elected. I would like to thank the new members who stood to serve and the ones who agreed to remain in service. This service to our club is something I do not take lightly. It is a sacrifice of time and energy to keep our club the wonderful place it is. I don't think that all of our members remember that this club runs as a self-help club; there is no guy to call if things aren't just the way you may feel they should be. There are only the volunteers' that serve because they feel it is for the good of the club. We have a cleaning crew, but they are hired to keep the mess we make to a minimum, if someone has a problem with dirty dishes or a spider web in a corner, we provide the tools to take care of it. The volunteers' that serve on the Board, Officers, or Committee heads, are there to facilitate the members being able to accomplish tasks that help the club, **NOT DO THE HEAVY LIFTING THEMSELVES**. I have had too many reports of club members berating a volunteer because something wasn't done to their satisfaction. Luckily these good-hearted volunteers took it with a grain of salt and continued to do their part to keep our club running. There is so much that goes on in the background at our club that keeps it running smoothly and almost effortlessly, I think we all get complacent. As we start looking toward the next year, step up and thank the ones who are serving and the ones that are coming in to serve. And remember this is **OUR** club and we all need to pitch in and do our part to keep it great.
